Dear Stacie

I refer to the one year follow up review for the relationships and partnerships and leadership domains following North Morley Primary School's Public School Review in Term 4, 2022.

I am advised that Rohan Smith, Director, Public School Review and Melanie Langley, Principal, Woodvale Primary School, met with you, your deputy principal, families, students and members of staff, to consider the extent to which the school has made sufficient and sustainable progress against the report's recommendations for the domains listed above.

The advice received confirms the school has demonstrated sufficient and sustainable progress towards meeting the Standard in relation to the recommendations in each domain.

I am advised that a concerted marketing campaign, collaboratively led by staff and families, has seen a positive reconnection between the school and its community and resulted in a significant increase in student enrolments. Further to this, the high levels of parent and staff satisfaction reported as a result of increased transparency of strategy and school processes is to be commended.

I have also been advised that the investment in the leadership and professional development of your staff is positively impacting the learning and wellbeing of students and is valued by families.

Finally, it was reported that your leadership in streamlining and managing the pace of change for staff, while continuing to ensure that all stakeholders are consulted and every point of view valued by leaders, is contributing to the general sense of optimism and positivity driving the school forward.

North Morley Primary School is to be congratulated for its professional commitment by first, noting the areas for improvement and second, implementing strategies that have resulted in the improvements desired.

You will receive formal notification of your school's next Public School Review, inclusive of all domains, in the 2 terms leading up to your review. This notification will be provided in 2025.

I wish you and the staff continued success in your endeavours to provide high quality education for your students.

Yours sincerely

Melesha Sands
